Area of Practice

The surgery is located approx. ¼ mile from the Town Centre. It is served by several bus routes and there is some parking in the streets around. There is undercover parking for pushchairs. We have a small outer boundary (depicted by the green line). If a patient of ours moves into this outer area they may remain registered with this surgery at the GP's clinical discretion. We do not take on new patients applying to join from this area.

How to Register

Application forms are available at reception or on our website for people wishing to register here as patients. Once accepted, you will need to have a New Patient Health Check before you are able to see the GP. We only accept patients who live within the practice area as agreed with NHS England (the black line).

Telephone contact with clinicians

Our clinicians are available during the day to be contacted by telephone although you may be asked to leave a message for the clinician to call you back after completing their surgery session.

What to do in an emergency...

During surgery hours;

Urgent appointments

We do offer same day appointments as standard and upon request in cases of urgent clinical need - we do ask that patients do not abuse this service.

Home Visits

Home visits are made to those who are too ill to attend the surgery. Whenever possible these should be requested before 10.30am. Although a traditional part of general practice, they are very time consuming. We adopt a policy of encouraging attendance at the surgery unless you feel this would seriously aggravate your health condition. When a visit is requested the receptionist will ask the nature of the illness. This helps the doctor to plan the order of the visits. The clinical need, and not transportation issues, decides the necessity of a home visit.

Kirklees Walk-in centre is in the grounds of Dewsbury Hospital, opposite the main entrance, and offers a nurse led service for minor illnesses and injuries. The Centre is open from Monday to Friday 9am to 6.30pm.

Please do not attend the surgery with dental problems, contact your dentist or call 111 for the Emergency Dental Service.

At night or on weekends;

NHS 111 operates a 24-hour health advice and information service available on **111** or www.nhs.uk. This website also contains helpful information on conditions, symptoms, causes and treatments. Calls to NHS 111 are free of charge from landlines and mobiles.

In cases of **immediate threat to life** please dial **999** or go to the nearest hospital casualty.

Ordering Repeat Prescriptions

Patients requiring repeat supply of their medication are asked to request it via our website www.glencrosssurgery.nhs.uk, by phoning the surgery after 10am, or drop in the right hand side order form at reception. Prescriptions will usually be ready after 2pm the following working day. Several local chemists collect prescriptions on your behalf and either deliver to your home or have it ready for you to collect. If you would like to use this facility please ask your preferred chemist.
